T. R. ANNOUNCES PARTY'S POLICIES

Colonel's Long-Heralded "Confession of Faith" Delivered at Moose Convention

DELEGATES CHEER LEADER

Theatric Entrance of Roosevelt Signal for Prolonged Outburst of Enthusiasm

COLISEUM, CHICAGO, Aug. 6.—Enthusiastically jumping on "boss rule," the old party machines and the rule of the interests, Colonel Roosevelt today sounded the keynote speech of the convention when he delivered his long-heralded "confession of faith" before assembled bull moose delegates here today. He advocated all the progressive policies he has formulated, including recall of judicial decisions, regulation of trusts by a federal commission, government inspection and supervision of working conditions, and the others upon which the bull moose party is to be founded.

Excitement was intense when the leader of the new party made his dramatic entrance into the convention. The bandanna emblems of the new party were wildly waved, and all the state delegations seized their standards and paraded around the convention hall to a stirring march tune by the veterans fife and drum corps on the stage. The cheering continued for more than fifteen minutes.

The Colonel's Speech

Mr. Roosevelt's speech strikes a keynote for his followers and supporters in the new party. It lays down the plan of battle to be waged by the National Progressive party. He discusses those principles under twelve subdivisions, namely: The Helplessness of the Old Parties; The Right of the People to Rule; The Courts and the People; Constructive Control of the Trusts; Rights of the Wage-Worker; The Farmer; The Tariff; The High Cost of Living; Currency; Conservation; Alaska and International Affairs. "The two old parties," he said, "are husks, with no real soul within either, divided on artificial lines, boss-ridden and privilege-controlled, each a jumble of innumerable elements, and neither daring to speak out wisely and fearlessly what should be said on the vital issues of the day." As opposed to this incongruity and insincerity of action he asserted that the National Progressive platform will be "a contract with the people," with definite and concrete provisions to be carried out on election day as exactly and honestly "as if it were actually enforceable under the law."

The Right of the People to Rule

"The actions of the Chicago convention, and to an only less degree of the Baltimore convention, have shown in striking fashion how little the people do rule under our present conditions." In order to assure this popular rule Mr. Roosevelt urged the adoption of presidential primaries, popular election of senators, the short ballot, an efficient corrupt practices act, qualified use of the initiative, referendum, and recall. The recall should be applied to administrative officers."

The Courts and the People

Under this head Mr. Roosevelt strongly emphasizes the necessity of the sovereign people preserving a check on every branch of public service. Under this head Mr. Roosevelt reiterates his now well-known views regarding the courts. "The American people, and not the courts, are to determine their own fundamental policies." But when a judicial decision involves an interpretation of what the people mean by the constitutions which they have framed and laws passed by the people are nullified because the courts say those laws are contrary to the people's will as expressed in their constitution, there must be a "reference to the people of the public effect of such decisions under forms securing full deliberation," to the end that the people may rectify this alleged defect in their constitution by a popular vote having all the force of constitutional amendment.

Control of the Trusts

In addition to punishment for wrong-doing by the trusts, the imperative demand is effective and complete regulation. The views of President Wilson, in his scientific work on trust regulation are in harmony with the program of the National Progressive party. "The present conditions of business cannot be accepted as satisfactory."

There should be applied to all industrial concerns engaged in interstate commerce in which there is either monopoly or control of the market the principles already adopted in regulating transportation concerns engaged in such commerce. The anti-trust law should be kept on the statute book to be invoked against every big concern tending to monopoly or guilty of anti-social practices. At the same time a National industrial commission should be created which should have com-

Want Pastor To Act As Match Maker

EAST LIVERPOOL, Ohio, Aug. 6.—Since his criticism of bachelor maids and bachelors, whom he would relegate to some solitary island, the Rev. Elmer Huffner of Colorado, has received 200 appeals for aid in effecting marriages.

One appeal, Mr. Huffner said today at the home of his brother in Chester, W. Va., offered \$50 in \$5 installments if the minister would arrange his marriage with Miss Helen Gould. The writer was John Botheas of Fruit Valley, Col.

V. O. Degaighe of Brooklyn, N. Y., wrote that Miss Gould's "deeds should be reincarnated to her descendants."

KANSAS VOTES ON TAFT-T. R. FIGHT

People to Decide Between Roosevelt and President's Electors on G. O. P. Ticket

BOTH CLAIM A VICTORY

Stubbs Says Bull Moose Win and Republican Regulars Are Confident

TOPEKA, Kan., Aug. 6.—With the weather fair and cool, a record breaking vote is expected in the state wide primaries today. The contest between the Roosevelt and Taft electors on the republican ticket will be settled through a direct vote from the people. Complete state tickets will be named by the democrats, republicans and socialists. A United States senator and congressman will be nominated.

Governor Stubbs of the progressive forces, today declared he was not only confident that the Roosevelt electors would win over the Taft men by a safe majority, but that he would be named for the United States senate to succeed Senator Curtis, who is running for renomination. The Taft leaders were equally confident of success. Senator Curtis claimed he would win by a safe margin.

Arthur Capper is the progressive candidate for governor on the republican ticket and is opposed by Frank Ryan. George W. Hodges is the progressive democratic candidate, opposed by A. H. Jackson.

WOMAN SAVES GUESTS

BOSTON, Aug. 6.—Heroism of a woman employee at the Fairmount house in Hyde Park, who smelled smoke and ran through blazing corridors and smoke choked halls to awaken guests, early today saved the lives of fifty people. As the last ten who escaped from the top floor reached the entrance a portion of the roof under which they had been asleep caved in. A score of chambermaids were taken from attic rooms down ladders. The woman who awakened the guests dropped unconscious as she reached the street.

ITALY WINS LAST MOSLEM FORTRESS

Zuara Reported to Be Taken by Invaders and End of War in Tripoli Is Presaged

ROME, Aug. 6.—After a terrific land and sea attack the Italians today captured Zuara, the last Tripolitan coast defense retained by the Turks, according to official announcement here.

Full details of the engagement are not known yet but it is understood the losses were heavy. The town was a supply station for the Turks' forces and it was of the utmost importance to them to hold it. It was strongly fortified and defended by a large and well trained force. It is unlikely that the Italian sailors, bombarding the Turks from the Mediterranean, suffered seriously but the troops ashore can only have overcome Turkish resistance by rushing the breastworks which must have been attended by much bloodshed.

With their last outlet to the sea cut off, it is believed here that the Turks and Arabs can be speedily starved into surrender. Some supplies may be smuggled to them through British territory, but not enough seriously to prolong the struggle.

Originally Zuara's inhabitants numbered 20,000 but it has been largely depopulated since the war broke out.

CONTINUE HYDE TRIAL

KANSAS CITY, Aug. 6.—The trial of Dr. Clarke Hyde on a charge of murder has been continued and will not be called September 3, it was announced.

COUNCIL PROBE TO BE REAL ONE

New York Aldermen Plan Complete Unbaring of Police Graft and Corruption

CITIZENS TO TAKE HAND

Mass Meeting Called which Will Raise Funds for Another Independent Investigation

NEW YORK, Aug. 6.—The aldermanic committee named to probe the wholesale graft charges growing out of the murder three weeks ago of Gambler Rosenthal, and to inquire into the workings of the alleged "system" today considered the selection of counsel to supervise the inquiry. Corporation Counsel Watson, whom Mayor Gaynor desired to conduct the investigation, and to whom some of the aldermen objected, informed the city fathers that the duties of his office made it imperative that he keep in touch with every aldermanic inquiry of such a nature, but that he "would be glad to co-operate with any special counsel the investigators might wish to employ."

That the probe of the police department will be a searching and thorough one and possibly more merciless than the Lexow inquiry that made history, is assured.

The nine men appointed on the committee include both republicans and democrats, Tammany and anti-Tammany men, foes as well as friends of Mayor Gaynor and Commissioner Waldo.

With his third arraignment on a charge of murder in the first degree for procuring the assassination of his friend and alleged partner, Rosenthal, set for trial, Becker was in doubt as to who would defend him.

John F. McIntyre and Congressman Martin W. Littleton were under consideration, the former the choice of the lieutenant's wife, while his political friends, it was said, urged that Littleton be retained. Robert H. Elder, former district attorney for Brooklyn and King's county, who yesterday appeared in the case, withdrew in a few hours, and would not discuss the matter.

It became evident today that the citizens' committee, appointed by Jacob Schiff and others to probe the charges against the police department, has decided to hold a mass meeting in Cooper Union hall and there raise funds for a thorough investigation of the police department, wholly apart from the inquiry now under way by the board of aldermen.

OFFICER'S WIDOW SUICIDES

DES MOINES, Iowa, Aug. 6.—The body of Mrs. F. G. Woude, widow of the late Lieutenant Woude, Sixth U. S. Cavalry, was found in her quarters at Fort Des Moines today. A bullet hole in her head showed the cause of death and army officers say she left at night saying she would commit suicide because of grief over the death of her husband, who was accidentally killed several months ago.

RUNAWAY CAUSES BANK RUN

NEW YORK, Aug. 6.—A runaway delivery wagon which knocked down but did not seriously hurt a little girl today drew a large crowd in front of the private bank of Abram L. Kass, in Williamsburg. The people of the neighborhood, largely foreigners, got the idea that there was a run on the bank, and very soon there was one.

ROAD OIL ORDERED

The board of public works has ordered a tank of No. 5 road oil to be used on Main street, in accordance with instructions received from the special street improvement committee of the city council. The No. 5 grade is of a lesser density than the oil previously used.

KILLS SLEEPING FATHER

RICHMOND, Tex., Aug. 6.—Pearly Williams, 13, is held in jail here today on a charge of murder. The child chopped off the father's head with an axe, while he slept, because he had refused permission for her to visit her aunt.

Jacob Williams, the father, lived on a farm outside of Richmond. After being placed in jail, the Williams child refused to discuss the tragedy except to say that her father would not allow her to take a horse to drive to her aunts.

American Viscountess In Private Asylum

HARTFORD, Conn., Aug. 6.—The Viscountess Alan De Suzzanette, who was Miss Margaret C. Knower, daughter of the late Benjamin Knower, a Brooklyn millionaire, it became known today, is an inmate of the Hartford Retreat, to which she was committed on July 27 by Judge L. P. Waldo Marvin. The viscountess, according to the report the alienists made to probate court, is violent and destructive. Previous to her commitment she was at the home of her mother, Mrs. Mary A. Knower, at Saybrook Point.

About five years ago she married her cousin, the Viscount Alan De Suzzanette in France. The marriage was not a happy one and she was separated from him by the French courts. She is now 23 years old. Her first husband was Coleman Drayton of New York. She was divorced from him.

STEAMER BOTTOM IS RIPPED OUT

Towboat Mars Strikes Pier at Winona and Sinks in Eight Feet of Water

IS BROKEN IN TWO BY BLOW

Hull Buckles Before it Sinks with Sixteen of Crew on Board; Loss \$6,000

Striking a submerged pier which had been left in the river by the Empire Lumber company when it moved a saw mill several years ago, the steamer Mars was wrecked at Winona at 9 o'clock last night and now lies in eight feet of water, a total loss. The boat which was a two deck steamer belonged to the St. Paul and Gravel company and was under the command of Captain George Winans. Captain Winans and sixteen men were on board at the time of the accident. The boat sunk within five minutes of striking the pier. Her whole bottom was ripped out by the force of the blow. She was running at full speed and the crash was terrific. Several of the men are said to have been forced to swim to the shore.

The Mars went through La Crosse at 4 o'clock yesterday afternoon on a return trip from St. Louis where she went a little more than two weeks ago with three barges of freight from St. Paul. The Mars has been plying the Mississippi river for the last two years and was used as a raft boat on the Chippewa several years before that. She was known as one of the fastest steamers on the upper river and was running light when she struck the pier. The steamer was "buckled" by the collision and broke in two just before sinking. The water is two feet above the hull. No attempt will be made to raise the wreck but it is probable that some salvage will be made out of the scrap.

The loss is estimated at between five and six thousand dollars.

RAIN SPOILS TRACKS

FORT WORTH, Tex., Aug. 6.—Downpours, amounting almost to cloudbursts last night and early today washed out miles of railroad tracks in north Texas. A solid mile of the Fort Worth & Denver was washed away and service is badly crippled. It is feared the loss to crops will be heavy.

Fifty bridges have been washed out in this section. Rain is still falling and people living in the lowlands have fled from their homes.

TAFTS ATTEND FUNERAL

CINCINNATI, Ohio, Aug. 6.—President and Mrs. William Taft arrived here at 10:25 this morning from Washington to attend the funeral of Mrs. Taft's father, John W. Herron, who died yesterday. The funeral was scheduled to take place at the Herron home at 2:30 this afternoon. The pall bearers were the two sons, John W. Herron, Jr., and William C. Herron. Prof. L. T. Moore, a son-in-law, and Lewis N. Gatch, Attorney Herron's former partner.

HOOSIER G. O. P. MEETS

INDIANAPOLIS, Aug. 6.—When the republican state convention opened here today, it was believed that the fight for the nomination for governor centered between ex-Governor Winfield T. Durbin of Anderson, Ind., and Charles A. Carlisle of South Bend. Mayor Shank of Indianapolis is also a candidate.

TURKEY READY TO START NEW WAR

Demands Explanation from Montenegro and Threatens War; Anarchy at the Capital

RUSSIA TO BACK NICHOLAS

Car Willing to Aid Montenegro and Sultan's Realm Is Split by Internal Dissension

CONSTANTINOPLE, Aug. 6.—Turkey gave Montenegro 24 hours today to explain the latest Montenegrin violation of the Turkish frontier. Unless satisfaction is given the sultan will sever diplomatic relations with King Nicholas. In delivering his ultimatum to Nicholas, the Turkish minister at Cetinje plainly intimated that war will follow a break in relations.

Montenegro is north and west of Albania. The Montenegrins are related to the Albanians by race and religion. King Nicholas is also ambitious to add Northern Albania to Montenegro. Montenegrin guerrillas have aided the Albanian rebels immensely against the Turkish troops and it is no secret that Nicholas winked at it.

Montenegro is too small to wage an offensive campaign against Turkey but it is so mountainous and its people so war-like that even Austria has more than once hesitated to attack it. The Montenegrin and Russian royal families are closely connected and the czar probably would back King Nicholas with troops as he has long done with Montenegro.

That the sultan will choose the strongest man he can find, place full authority in his hands and have him declare a temporary dictatorship is more than likely today.

The present situation is impossible. The chamber of deputies is in recess and cannot re-assemble without being forcibly dissolved by the troops. Martial law prevails here. The Young Turkish leaders are armed and barricaded in their homes, fearing an attack. The military league is threatening death to the Young Turks and the sultan's deposition. Bad news has been received from Tripoli. War is imminent with Montenegro. Cavalry patrols keep order in the streets at present but at any moment fighting may break out again in spite of them.

In short anarchy reigns.

The names of Kiamil Pasha and Chefket Pasha are most prominently mentioned for the dictatorship.

Beef Price Passes Predicted \$10 Mark

CHICAGO, Aug. 6.—True to the prediction made last week, when a new world's record for high prices of beef was set, the market price today was \$10 for the best beef. That was the highest price ever recorded in the Chicago market, except in cases of single prize animals. A higher mark was set for corn fed steers, several of the choice beefs being bid at \$10.10.

Armour & Co., and Swift & Co. were bidding against each other when the price touched the high mark.

URGES SETTling OF CANAL TOLLS

Taft in Special Message Tells Congress to Hurry Up Rate Legislation

MAY DELAY THE OPENING

President Says Big Ditch May Be Ready for Use Inside of Fourteen Months

WASHINGTON, Aug. 6.—Urging the imperative necessity of legislation covering the maximum toll rates on the Panama canal, the government of the zone and operation of the big ditch, President Taft today sent a special message to congress requiring speedy action on the Panama canal bill. The president made it plain that failure to enact such laws might delay opening of the waterway, which he now said might come within 14 months.

"The establishment of a permanent organization to operate the canal and exercise our control over the surrounding zone is vital," the message declared. It is plainly the part of foresight and economy to blend the present construction force into a trained force for permanent operation, instead of later going through the wasteful process of organizing a new force.

The establishment of maximum toll rates is another indispensable immediate need of the situation. In order that the canal may secure commerce against its competitors, as soon as it can be handled, business must be given an opportunity to adjust itself to the new trade. Ship owners must know, about two years in advance, the maximum tolls which they are to be charged.

The president emphasized the importance of retooling stations and docking facilities, all of which should be authorized, he said.

"Congress is now in possession of the fullest information necessary for immediate action in regard to these essential points," the message said in conclusion. "Fortunately there is no serious controversy as to the policy which centers in either of them. The subject has happily been outside the sphere of party differences."

COUNCILMEN ARE UP FOR GRAFTING

Detroit City Fathers Refuse to Plead When Arraigned in Police Court

DETROIT, Mich., Aug. 6.—Arrested on warrants charging them with accepting a bribe in connection with the Wabash railroad freight-house deal, nine aldermen were brought into police court today and stood mute when asked to plead. The hearing of their cases was then set for August 20, by Justice Stein. New bonds of \$5,000 were demanded by the court.

E. R. Schreiter, council clerk, also charged with graft, appeared before Judge Jeffries today and was remanded until August 13, his bail bond being continued. No warrant has been issued for Schreiter. Many believe that the council clerk has either promised to appear as a state's witness in the graft cases against the aldermen, or the prosecutor is in hopes he will do so.

MOOSE GREET T. R. WITH CHEERS AS HE STARTS TALK

Confession of Faith Is Delayed 55 Minutes Until the Enthusiasm Wanes

NEGRO PROBLEM PERPLEXING

Big Question Before the Convention Is, "Shall the New Party Be Lily-white?"

SECOND PLACE IS DEBATED

Judge Ben B. Lindsay and Governor Johnson the Leading Figures for Choice

COLISEUM, CHICAGO, Aug. 6.—An enthusiastic demonstration lasting fifty-five minutes greeted the appearance of Theodore Roosevelt upon the platform of the Coliseum this afternoon when he appeared in the bull moose convention for the first time to make his famous "confession of faith." Even the galleries, which were packed with spectators, went wild when the big bull moose appeared, and it was with difficulty that order was restored sufficiently so that the colonel could begin.

The women delegates were as wild as the men, and in several instances were hoisted from the floor and carried about the hall on the shoulders of men from their delegations. Roosevelt, radiating happiness, dominated the uproar, dancing an improvised jig to the shrilling of the veterans' fife and drum corps which was tooting madly in an effort to be heard above the uproar. Early in the demonstration the police gave up all effort to stop the delegates, and let the enthusiasm burn itself out.

Negro Problem Perplexing

The negro question was very present problem when the progressive national convention re-assembled today. The delegates admitted they feared a clash would come from the action of the credentials committee in the southern contests. That body reaffirmed the doctrine of the national committee that it did not propose having a negro problem forced upon it, and threw out of the convention both the negro and white delegates from Florida on the ground that they had been illegally elected and reaffirmed the declaration that the party in each state should be a law unto itself in deciding what manner was to be pursued in electing delegates.

The committee, however, pleased the whites of the south by ruling out the negro contestants from Mississippi, holding that the convention that elected them was illegal.

In order to rid the advocates of actual representation, the committee on rules reported to the convention a resolution making the basis of representation the vote actually cast at the previous election. In that manner the strong progressive states will be able to dictate the policies of the party, without being overruled by delegates who represent no votes.

Wanted Corn Cure Plank

WEATHER

For La Crosse and vicinity: Fair tonight and Wednesday; no decided change in temperature.

For Wisconsin: Fair west, showers east portion this afternoon or tonight; slightly warmer northeast portion; Wednesday fair.

For Minnesota: Fair tonight and Wednesday.

For Iowa: Fair tonight and Wednesday; slightly warmer extreme east portion tonight.

Weather Conditions

The pressure continues highest east of the Mississippi valley and the weather fair and cool. The low over Manitoba has remained nearly stationary and showers have occurred from that section southward to northern Texas. The temperature changes have been small as a rule but have risen generally in the upper Mississippi valley and lake region. The weather continues unsettled in this section this morning but it will probably be fair tonight and Wednesday with no decided change in temperature.

ATTEMPT MADE TO WRECK TRAIN

WINONA, Minn., Aug. 6.—The officials of the Minnesota division of the Omaha road are investigating what is believed to have been an attempt to wreck an eastbound passenger train two miles this side of Rochester Saturday afternoon.

An extra freight preceded the passenger and the engineer saw a tie across the tracks. He applied the emergency brakes, but the momentum carried the engine to the obstruction before the train could be stopped. The tie was removed and the train proceeded.

TWO KILLED BY GREAT NORTHERN

CASS LAKE, Minn., Aug. 6.—The bodies of Frank Dodge and Clarence Little, cook and cookee, at Cochran's logging camp, near Bena, were found in the ditch alongside the Great Northern track yesterday.

It is supposed the men were killed

early in the morning by a passenger train while riding on a speeder. They were at Bena early in the evening and started to walk along the track towards camp. When arriving at a camp about a mile from their destination they saw the speeder and, it is alleged, appropriated it to save walking, and were struck by the train just before reaching the camp where they were employed. Both were hurled into the ditch, landing about sixty feet apart.

PICKWICK, MINN.

POLES DENOUNCE CATHOLIC CLERGY

Thousands of Poles Take
Part in Controversy
Caused by Demand
for Polish Bishop

MILWAUKEE, Wis., Aug. 6.—With the threat of excommunication from the Catholic church hanging over them, more than 15,000 Poles attended the picnic of the Federation of Polish Catholic Laymen of America at Schlitz's grove on Sunday.

Bitter denunciation of the clergy and an appeal to all the Polish people to aid in the work of "reform" now being carried on by the federation, were the keynotes of several addresses made to the crowds.

Recently an order was passed by the archbishop and bishops of the Milwaukee diocese instructing all Catholic priests to refuse absolution to all Catholics who admit that they patronize newspapers advocating certain changes in the management of the Polish Catholic churches of the city.

The leading members of the Federation of Polish Catholic Laymen of America declared on Sunday that the proposed changes consisted in the demand for a Polish bishop to rule over the Polish Catholics of Milwaukee. Martin S. Clijborowski, Jacob Killa and other prominent Poles said that though there are more than 5,000,000 Poles in the United States there is only one Polish bishop to rule over them. He is Bishop Rhode of Chicago.

In a speech reviewing the situation in Polish church circles, Stanislas H. Lempicki, an editor, accused the Polish clergy of immorality and oppression. He pointed out that under the present system, in which, he declared, no financial report was made to the parishioners, there were unlimited chances for "graft." He proposed that the financial affairs of every parish should be in the hands of the parishioners.

"Some of the clergymen are honest and upright men," said Mr. Lempicki, "but there are others who give themselves up to immoral practices and the oppression of their people. They do not follow the example of the Savior, who, when the woman was about to be slain, held back the mob with the words: 'Let him who is without sin cast the first stone.'"

"They excommunicate us for rebelling against tyranny, but I say to them, 'Let him who is without sin cast the first stone.'"

Jacob Killa, in his address, said that "in Milwaukee, a free American city, conditions exist that resemble the fifteenth century, when all the world was oppressed."

John J. Kowalczyk said that Pope Pius X. promised the Milwaukee Poles a Polish bishop on his accession to the papal throne, nine years ago. The recent resignation of Bishop Kudelka, who was sent here from Cleveland a year ago, was alluded to in the speech of Mr. Kowalczyk. He said that the Poles by their attitude had forced him to vacate his bishopric.

SYMPATHY CAUSES SHERIFF'S INSANITY

OSHKOSH, Wis., Aug. 6.—Sympathy for his prisoners is declared by physicians who examined Sheriff John Villwock to be responsible for his insanity.

He has been taken to the state asylum.

On taking his office Villwock promised that he would do his utmost to induce every prisoner in his charge to reform.

He was tireless in his efforts to aid them.

Will J. McCormick, deputy, was appointed sheriff of Winnebago county by Governor McGovern to succeed Villwock, who resigned after he had gone insane from worry over official duties. McCormick has agreed to give the sheriff's salary to Villwock's wife and children until the end of his term.

FLOATING SHOW WILL COME HERE

Will Present Entirely New
Comedy Drama Built
Around Wireless
Telegraph

The greatest amusement of the season will be offered to the people of this vicinity when the artistic and modern American Floating theater arrives here next Sunday, August 11.

This is to be one of the greatest seasons in the river amusement competitions in the history of floating theaters. Appreciating this fact in advance, the Needham Amusement company (Inc.) operating the new American Floating Theater, have succeeded in obtaining a play entirely new in every detail and widely different from anything heretofore presented by any floating theater and the only comedy drama ever written around the most wonderful discovery of the 20th century—the Wireless Telegraph.

The play is beautifully costumed, taking place as it does in the Mediterranean sea, off the Egyptian coast. The wireless is at all times in full view of the audience.

There is a vein of new and up to date comedy running throughout this play to offset the exceptionally strong and thrilling climaxes and dramatic pictures.

Plenty of new vaudeville features are carried this year, so that there is not one dull moment while you are on the boat.

GIRL BEATS MEN RIDERS

KENOSHA, Wis., Aug. 6.—The best time and a perfect score is held today by Miss Margaret Lawler, 18, in the motorcycle run of 150 miles from here to Lake Geneva and return. The girl won against a field of twenty-one male members of the Kenosha motorcycle club. Five men completed the run with perfect scores, but Miss Lawler's time was best.

SAY T. R. STOLE IDEAS

LONDON, Aug. 6.—The London newspapers all concentrate their attention today on the workmen's insurance feature of Senator Beveridge's speech at Chicago. The News Leader says the progressives have borrowed Lloyd George's plumes. Other papers refer to the theft of the English chancellor's thunder.

CHESS MASTERS SPLIT EVEN

BRESLAU, Aug. 6.—Rubenstein, the Russian chess master, shares honors with Doras of Prague in the international chess tourney, both finishing with a total score of 12 to 5. Marshall, American chess king, finished 9½ games won, 7½ games lost.

THE SECRET OF LONG LIFE.

Do not sap the springs of life by neglect of the human mechanism, by allowing the accumulation of poisons in the system. An imitation of Nature's method of restoring waste of tissue and impoverishment of the blood and nervous strength is to take an alternative glyceric extract (without alcohol) of Golden Seal and Oregon grape root, Bloodroot, Stone and Mandrake root with Cherrybark. Over 40 years ago Dr. Pierce gave to the public this remedy, which he called Dr. Pierce's Golden Medical Discovery. He found it would help the blood in taking up the proper elements from food, help the liver into activity, thereby throwing out the poisons from the blood and vitalizing the whole system as well as allaying and soothing a cough.

No one ever takes cold unless constipated, or exhausted, and having what we call mal-nutrition, which is attended with impoverished blood and exhaustion of nerve force. The "Discovery" is an all-around tonic which restores tone to the blood, nerves and heart by imitating Nature's methods of restoring waste of tissue, and feeding the nerves, heart and lungs on rich red blood.

Mrs. Dorn.

"I suffered from pain under my right shoulder blade also a very severe cough," writes Mrs. W. Dorn, of New Brookland, S. C., to Dr. R. V. Pierce, Buffalo, N. Y. "I had four different doctors and none did me any good. Some said I had consumption, others said I would live to have an operation. I was bedridden, unable to sit up for six months—and was nothing but a live skeleton. You advised me to take Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Pleasant Pellets. When I had taken one bottle of the 'Discovery' I could sit up for an hour at a time, and when I had taken three bottles I could do my cooking and tend to the children. I took fourteen bottles in all and was then in good health. My weight is now 167 pounds."

POLICE DEPARTMENT OF NEW YORK IS MORE ON TRIAL THAN ARE THE INDIVIDUALS CHARGED WITH MURDER OF ROSENTHAL

New York Police Headquarters.

More than the individuals who are charged with the murder of Herman Rosenthal, the police department of New York City is on trial. If it is important to know who killed Rosenthal it is much more important to know whether or not the entire police force of the city is in a corrupt alliance with New York's underworld. If it develops that the New York police force is as corrupt as it is now charged to be, a strong effort will be made to overturn the present system, and make the police force answerable to the people rather than to city authorities.

CHANGES RUMORED ON THE MILWAUKEE

General Promotion Said to Have Been Ordered on This Division of the Road

In filling the vacancy of L. R. Clausen, resigned, superintendent of the Chicago-Milwaukee division, a general promotion has taken place on the C. M. & St. P. railway, while the work of several officials has been changed in order to lessen the responsibility of older men.

According to Milwaukee papers, J. M. Oxley, for many years superintendent of the Des Moines division, has been appointed superintendent of the Chicago-Milwaukee division, one of the most important divisions of the system, to succeed Mr. Clausen.

R. P. Edson, assistant superintendent of the Iowa and Dakota division, west of Sanborn, has been appointed to succeed Mr. Oxley, so it is reported. C. A. Anderson, chief train dispatcher west of Sanborn, has been appointed to succeed Mr. Edson. M. C. Corbett has been ap-

pointed to replace Mr. Anderson. C. E. Corcoran, assistant chief train dispatcher, has been made chief train dispatcher, to succeed Andrew Esse, who has been made train master of the Sioux City and Dakota divisions.

B. H. McNaney, who has been superintendent of terminals at Milwaukee for years, has been appointed trainmaster of the Northern division, running between Milwaukee and northwestern points. W. B. Hinrichs, trainmaster of the La Crosse and Northern divisions, has been made superintendent of terminals in Milwaukee.

The Milwaukee papers say the duties and responsibilities of Mr. McNaney's position were getting too great for the condition of his health, and it was decided to appoint him to a position where he would have but one division to handle. To accomplish this, the trainmastership of the La Crosse and Northern divisions were made two separate positions.

No appointment has been made for the position of trainmaster of the La Crosse division.

So far as can be learned, Supt. Melin remains in charge of the La Crosse and Northern divisions.

At the La Crosse office of the Milwaukee road today it was stated that no official bulletin of the changes had been received. It was definitely known only that Hinrichs had gone to the Milwaukee terminals and McNaney had taken the job on the old line.

The latest story current here in railroad circles is that the La Crosse division trainmaster job lies between Trainmaster Atkins of the Southern Minnesota division, Chief Dispatcher Holmes of the River division and Christopher, assistant superintendent of terminals in Milwaukee.

AUGSBURG SINGERS TO GIVE CONCERT

The Augsburg sextette of Minneapolis will give a concert at the Bethel Lutheran church, George and Hill streets, Monday evening, August 19, at 8 o'clock. In the sextette are such noted singers as A. WINONAN RESIGNS OFFICE IN N. E. A.

Dr. Irwin Shepard's Letter of Resignation Claimed as Victory by Progressives

IS FOR PERSONAL REASON

Secretary Declares He Would Have Quit Year Ago Except for Trouble in Organization

CHICAGO, Aug. 6.—Progressive members of the National Educational association in Chicago today were claiming a victory in the resignation of Dr. Irwin Shepard of Winona, Minn., as secretary of the N. E. A. The faction of the teachers' organization, led by Mrs. Ella Flag Young, superintendent of public schools of this city, today insisted that Shepard, who was a member of the old guard of the association, was forced to resign the \$3,000 a year secretaryship because of the fight made against him by the progressives in the recent convention here. Dr. Shepard's successor is Durand W. Springer, a public school teacher of Detroit, Mich.

In his letter to Jas. M. Greenwood, chairman of the board of trustees under date of July 12, Mr. Shepard said that his resignation was for personal reasons and had been delayed by conditions "impairing the honor of the association." These conditions, he said, had been righted and he was free to leave the office.

The reason for his delay in resigning was given by Mr. Shepard as follows:

"It was my wish and purpose to resign over a year ago; but circumstances and conditions had developed in the administrative affairs of the association which, impaired the honor, and threatened the welfare, if not the very existence, of the association whose fair record of over fifty years of unselfish service had been without stain or blemish of any kind."

SILK TRAIN CARGO WORTH A MILLION

What is thought to be one of the largest cargoes of silk ever shipped across the continent passed through La Crosse on the Northern Pacific railroad last evening shortly after 6 o'clock on the way to New York. A total of 1,270 bales of silk are carried on the train and the articles weigh 323,415 pounds. The shipment is valued at \$1,032,718.

The silk came from the far east on board the steamer Teucer and was landed at Tacoma, Wash. Leaving Tacoma Friday noon, the train arrived at St. Paul at 1 o'clock Monday afternoon, and it was four hours and fifteen minutes late, as it was scheduled to arrive at the Twin Cities at 8:45 o'clock Monday morning. The train went through La Crosse shortly after 6 o'clock last evening on its way east, and is due to arrive in New York at 4:00 o'clock tomorrow afternoon.

CONVICT SUFFRAGETTE

DUBLIN, Aug. 6.—Miss Gladys Evans, a suffragette, was convicted today of attempting to burn the Theater Royal here just before a meeting at which Premier Asquith was to speak, July 18. Sentence was postponed pending disposition of the cases of three other women accused of helping Miss Evans. Barrister Tim Healy for the defense, created a commotion in the court room by demanding exclusion of Molly Maguire from the jury.

BEAUTIFUL SHAFT TO MARK SOLDIERS' LOT

A contract for a \$1,000 monument has been let by the Wilson-Cotwell Post of the G. A. R., which will be erected in Oak Grove cemetery during September. The monument which has a six foot base and is fifteen feet high will be unveiled on Memorial day, 1913, and will be dedicated to the civil war veterans. It is of Barre granite and will be one of the most beautiful decorations of the cemetery. A statue of a soldier is mounted on the top.

DERR MAY GET 'AUTO ALLOWANCE'

A resolution will be introduced at the meeting of the city council Friday night providing for an allowance to City Sealer Eugene Derr for the use of his automobile, according to members of the council today. This was brought about by a recommendation of Chief Inspector Fred Downing, who when in the city recently conferred with several aldermen on the matter. Mr. Downing declared that the salary of city sealer is too small in La Crosse and should be increased.

"Eternal vigilance is the price of liberty," quoted the Wise Guy. "Yes; aided by a lawyer's fee," added the Simple Mug.

WOULD CHANGE PATENT RULES

Arkansas Representative Has Bill to Stop "Unreasonable" Control Over Sale of Articles

WASHINGTON, Aug. 6.—Declaring that the patent laws as at present construed by the United States supreme court, give owners of patented articles such an "unreasonable control" over the re-sale of unpatented accessories that a "commission merchant can fix the re-sale price of eggs by delivering them to the groceryman in a patented crate," Representative Oldfield of Arkansas today reported from the patents committee a bill to prevent such practices.

The measure proposes rehabilitation of the old patent laws. It will wipe out the "patented suppression practices" which Oldfield said is used by big combinations of capital, to suppress competition. A compulsory license law is proposed. Another provision is that any vendor of a patented article who is engaged in a combination in restraint of trade, shall not be permitted to use his patent in suppressing competition in some other article to which his patent does not apply.

A court of patent appeals also is created by the bill.

LOOT U. S. MINE

WASHINGTON, Aug. 6.—The state department was informed today that the Coralitos mines, in Chihuahua, Mexico, had been looted. An immediate investigation was ordered. The consul at Juarez reported that federal troops are continuing their advance against the rebels, now disorganized. It was reported that Casas Grandes has been taken by the federal troops.

TENOR ENCHANTS

WITH HIS VOICE

Leon Rice, New York Singer,
Wins Appreciation at
Concert in First M.
E. Church

Leon Rice, New York, noted singer of the Trinity church, delighted a large audience of music lovers at the First Methodist church last night in a program which showed to great advantage his tenor voice. Mr. Rice has an exceptionally clear and rich tenor of great range and flexibility. His work was greeted with enthusiastic applause, and of the people attending all were well pleased with his musical ability. None but words of praise were heard for the singer's efforts. His enunciation was perfect also, which was greatly appreciated by the audience.

The program rendered was varied and complete, including songs to please everyone, from southern negro dialect songs to difficult classical selections from famous works. That everyone was pleased was shown by the applause which greeted each number, and the insistence upon encores.

Mr. Rice was accompanied by his wife, Janie Cesar-Rice, whose work itself elicited many remarks of admiration. She has been called by musical critics of the east "that rare personage, a perfect accompanist." That this appreciation does her no more than justice is the belief of the many who were enchanted by her experience last night.

The great success of the program last night has led to the announcement of a second evening of the same character in the Methodist church tonight. Mr. and Mrs. Rice will render an entirely different program, and it is expected that the S. R. O. sign will be hung out early.

FRANCE ANGRY AT KAISER
PARIS, Aug. 6.—Fresh Franco-German difficulties over Morocco were feared today as a result of yesterday's news that a German cruiser has been ordered to bombard Agadir. Following reports of a Franco-Russian military and naval compact which cannot but be directed mainly against Germany, the Agadir announcement was deemed significant. France considers Agadir within its sphere of influence, and it was German interference there which nearly caused war last summer.

LA CROSSE BOYS WINNING FAME

Edgar Best, Russell Oakes, John Otten and Earl Lockman Sing for Education

CONCERTS PAY FOR TUITION

Tour Several States During Vacation to Pay for Their Course in College

WAUKESHA, Wis., Aug. 6.—(Special.)—An unusual record is being made by four college boys from La Crosse, who are attending school at Carroll college, this city, in a musical line, these four young men under the name of the Carroll College Quartette, having spent the early part of the summer in a tour of Indiana, Tennessee and southern Ohio on the professional concert stage.

Back of their association as the Carroll College Quartette is a story of school boy music dating back to three years before they entered Carroll college. Edgar J. Best, first tenor; Russell E. Oakes, bass; John S. Otten, baritone and reader, and Earl A. Lockman, tenor and manager, were organized as a quartette in a church at La Crosse three years before they entered Carroll college and for three years sang not only in churches but in school and public entertainments.

When they came to Carroll college they decided that they would use their musical ability to get them a college education and named themselves the Carroll College Quartette and began to earn their tuition money at Waukesha and nearby cities.

Last spring the Redpath Lyceum bureau took up the young men, offering them a six weeks tour on the professional concert stage and as soon as the tour was ended the young men began a tour of Wisconsin. The Lyceum bureau took them through the summer hotels in the central states and beginning next week they will embark on a tour of Wisconsin which will include, according to the dates already arranged, Weyauwega, Neenah, Oshkosh, Winneconne, Omro, Waupun and many other cities. The young men will be giving daily concerts until school reopens.

Meanwhile they appeared on the program of the Camp Cleghorn assembly, the Good Templars' camp, on the Waupaca lakes, singing the first time there on August 1.

CONTESTS DAUGHTER'S WILL

DENVER, Aug. 6.—The question whether Miss Candace Wheeler, the New York girl, drew a will before her death, June 23, when she drowned near here in Bowles lake, will be decided by a jury trial in the county court, September 13. This action was decided on by Judge Dunn when the will was presented for probate by Dr. J. W. H. Meyer, administrator of Miss Wheeler's estate.

When the will was presented the court was asked to continue the contest of the will filed in behalf of James Cooper Wheeler, father of the girl. Judge Dunn said he would recognize Wheeler's contest of the will and set the date for the hearing.

Miss Gertrude Hogan left last night for Boston, Mass., where she will spend some time.

ASK MAYOR'S HELP

UNION EMPLOYEES WANT HARRISON TO ACT AS ARBITRATOR TO PREVENT CHICAGO CAR STRIKE

CHICAGO, Aug. 6.—Disappointed at the attitude of the managers of Chicago's electric transportation lines, officials of the elevated and surface lines employees' union today appealed to Mayor Harrison, in an effort to effect a compromise and prevent the threat of all the street cars and elevated trains in the city and the interurban lines in the county.

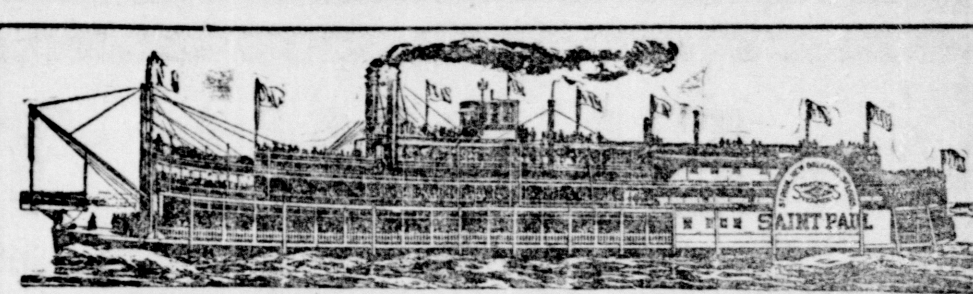

Nothing has resulted from the conferences held by union officers and magnates of the Chicago Railways company. The demands of the men for increased wages have been met with a plain proposition to continue the present wage scale, which the union says is not sufficient to support a family in the present times of high prices.

The men have voted in favor of a strike, and the union officials today declared that unless a compromise was in sight tonight, a midnight meeting of the unions would be forced upon them, and they would be instructed to call the strike.

KAREL CLUB IS ORGANIZED HERE

J. B. Murray President of Political Organization; Elliott Scores Income Tax

NOT BACKED BY THE ELKS

Resolution Passed to Exclude Any Connection Between Campaign and Local Lodge

A resolution was passed at the organization of a Karel club last night to the effect that the La Crosse Karel club and the La Crosse Lodge of Elks are not affiliated in any way.

The meeting was held in the Elks hall and to avoid giving the impression that the local Elks are supporting Karel, the resolution was passed. About twenty democrats attended.

Officers were elected as follows: J. B. Murray, president; Joseph Boschert, vice president; Jacob Padesky, secretary, and Joseph Houska, treasurer.

A resolution instructing the president to appoint a committee of three in each ward to solicit members was adopted. The purpose of the club is to work for the nomination of Judge John C. Karel for the governorship. If he receives the nomination another club will be organized to be known as the Wilson-Karel club, after the primaries.

John Elliott gave a short talk during which he denounced the present income tax declaring that a state income tax is a failure. He also favored the repeal of the present primary law. A resolution was passed instructing the president and secretary to act as a committee of two to make arrangements to procure a hall for future meetings.

THINKS CLIMBERS LOST

EIGHT MEN AND WOMEN DISAPPEAR IN ATTEMPT TO CLIMB ETHEL MOUNTAIN, COLORADO

STEAMBOAT SPRINGS, Colo., Aug. 6.—Fear is expressed here for the safety of a party of four women and four men who started for the summit of Ethel mountain, Friday night to view the sun rise Saturday.

No word from the party has been received for two days and friends and relatives fear they may have been attacked by wild animals in Buffalo Park, or lost their way in the deep snows which cover mountains and passes in the Swamp Park country.

Each member of the party rode a horse and carried provisions for last two days.

T. R. ANNOUNCES PARTY'S POLICIES

(Continued from Page One.)

plete power to regulate and control all the great industrial concerns engaged in inter-state business—which practically means all of them in this country. Where these concerns deal with the necessities of life, the commission should not shrink, if the necessity is proved, from going to the extent of exercising regulatory control over the conditions that create or determine monopoly prices."

It is imperative to the welfare of our people that we enlarge and extend our foreign commerce. We are pre-eminently fitted to do this because as a people we have developed high skill in the art of manufacturing; our business men are strong executives, strong organizers. In every way possible our federal government should co-operate in this important matter.

Justice to the Wage-Worker

Referring to the opening sentence of his address, namely, "that we are now in the midst of a great economic revolution," Mr. Roosevelt presents an advanced and comprehensive plan to insure the rights and better conditions for labor. He gives it the paramount place in his speech. "The first charge upon the industrial statesman of the day," he said, "is to prevent human waste." He proposed several specific methods for preserving and improving "our human resources, and therefore our labor power." Wage scales and other data should be made public; all deaths, injuries, and diseases due to industrial operation should be reported to the authorities; wage commissions should be established in the nation and state to determine the minimum wage scale in different industries; the federal government should investigate all industries with a view to establishing standards of sanitation and safety; there should be mine and factory inspection according to standards fixed by interstate agreement or by the federal government; national and state legislation should establish standards of compensation for industrial accidents and deaths and for diseases clearly due to industrial conditions; for the adoption by law of a fair standard of compensation for casualties resulting fatally which shall clearly fix the minimum compensation in all cases; the monetary equivalent of a living wage varies according to local conditions, but should be sufficiently high to make morality possible and to provide for education, recreation, proper care of the children, maintenance during sickness, and reasonable saving for old age; excessive hours of labor should be prohibited for all wage-workers, and night labor of women and children should be forbidden; one day of rest in seven should be provided by law; continuous twenty-four-hour labor should be divided into three shifts of eight hours by law; tenement house manufacture should be entirely prohibited, and labor camps should be subject to government sanitary regulation; all industries employing women and children should be specially subject to government inspection and regulation; insurance funds against sickness, accident, invalidism, and old age should be established by a charge either in whole or in part upon the industries; the suffrage should be granted to women, if for no other reason, to enable workingwomen to combine for their own protection by the use of the ballot.

The Country Life Commission should be revived with greatly increased power; its abandonment was a severe blow to our people. The welfare of the farmer is a basic need of this nation."

The Tariff

On the tariff he says: "I believe in a protective tariff, but I believe in it as a principle approached from a standpoint of the interests of the whole people, and not as a bundle of preferences to be given favorite individuals." "It is not merely the tariff that should be revised, but the method of tariff-making and of tariff administration." "The first steps should be the creation of a permanent commission of non-partisan experts of 'ample powers' to secure 'exact and reliable information.'"

The High Cost of Living

"The cost of living," says Mr.

Roosevelt, "has risen during the last years out of all proportion to the increase of most salaries and wages." What is first necessary is "fearless, intelligent, and searching inquiry into the whole subject, made absolutely by a non-partisan body of experts."

The Currency

Mr. Roosevelt declares that our present bank currency based on government bonds is unscientific, and urges the adoption of a system which shall provide "elasticity in the credit and currency necessary for the conduct of business, free from recurring panics." The control of such a system should be in the hands of the government, and must be free from "manipulation by Wall Street or the large interests."

Conservation

Under this head Mr. Roosevelt reaffirms his well-known policy on the conservation and reclamation of national resources. We must conserve our soil, our forests, our mines, not only for our own benefit but for the benefit of our children and descendants.

Alaska

"In Alaska the government has an opportunity of starting in what is almost a fresh field, to work out various problems by actual experiment." It should at once construct, own, and operate all the railways in Alaska; it should keep the fee of all coal-fields and allow them to be operated by lessee with the condition in the lease that non-use shall operate as a forfeit; a system of land taxation should be tried which promotes the actual use of land and discourages the holding of land for speculation; the telegraph lines should be owned and operated by the government.

International Affairs

"In international affairs this country should behave towards other nations exactly as an honorable private citizen behaves toward other private citizens." Our small army should have large efficiency; the navy must be steadily built up until "it proves possible to secure by international agreement a general reduction of armaments;" the Panama canal must be fortified. Panama canal tolls on deep-water commerce should be uniform to all nations, including ourselves; American coastwise vessels should pass through the canal free.

In summing up the specific policies expounded in his address Mr. Roosevelt spoke as follows:

Confession of Faith

"Now, friends, this is my confession of faith. I have made it rather long because I wish you to know just what my deepest convictions are on the great questions of today, so that if you choose to make me your standard-bearer in the fight, you shall make your choice understanding exactly how I feel—and if, after hearing me, you think you ought to choose some one else, I shall loyally abide by your choice. I believe in a larger use of the governmental power to help remedy industrial wrongs, because it has been borne in on me by actual experience that without the exercise of such power many of the wrongs will go unremedied. I believe in a larger opportunity for the people themselves directly to participate in government and to control their governmental agents, because long experience has taught me that without such control many of their agents will represent them badly. I am not under the slightest delusion as to any power that during my political career I have at any time possessed. Whatever of power I at any time had, I obtained from the people. I tried my best to lead the people, to advise them, to tell them what I thought was right; if necessary, I never hesitated to tell them what I thought they ought to hear, even though I thought it would be unpleasant for them to hear it; but I recognized that my task was to try to lead them and not to drive them, to take them into my confidence, to try to show them that I was right, and then loyally and in good faith to accept their decision."

Never Better Fight

"Surely there never was a fight better worth making than the one in which we are engaged. It little matters what befalls any one of us who for the time being stand in the fore-front of the battle. I hope we shall win, and I believe that if we can wake the people to what the fight really means we shall win. But, win or lose, we shall not falter."

Whatever fate may at the moment overtake any of us, the movement itself will not stop. Six weeks ago, here in Chicago, I spoke to the honest representatives of a convention which was not dominated by honest men; a convention wherein sat, alas! a majority of men who, with sneering indifference to every principle of right, so acted as to bring to a shameful end a party which had been founded over half a century ago by men in whose souls burned the fire of lofty endeavor. Now to you men who, in your turn, have come together to spend and be spent in the endless crusade against wrong, to you who face the future resolute and confident, to you who strive in a spirit of brotherhood for the betterment of our nation, to you who gird yourselves for this great new fight in the never-ending warfare for the good of humankind, I say in closing what in that speech I said in closing: We stand at Armageddon, and we battle for the Lord."

Perkins Committee

George W. Perkins was elected national committeeman at the meeting of the New York delegation. Amos Pinchot nominated Oscar Straus in opposition to the financier but the diplomat declined to be a candidate, saying that he believed the present crisis in the nation demanded a younger and more active man.

It was 12:35 when Senator Beveridge called the convention to order. He was given a reception that brought a broad smile to his face and he stood, gavel in hand, while he was greeted with the moose call.

Prayer was offered by Rev. Father Andrew Spetz of Chicago.

A telegram from Colonel William Nelson of the Kansas City Star, congratulating the convention and approving the movement was read by Secretary O. K. Davis, after which the delegates and spectators united in singing America.

Every inch of space on the floor and in the gallery was occupied and many were outside unable to get in. Beveridge then announced that the committee, with Colonel Roosevelt, was in waiting. The delegates sprang to their feet and the audience started cheering as the stalwart form of Colonel Roosevelt came into view on the rear of the stage.

The entire hall was a sea of ten thousand waving red and white bandanas and Roosevelt stood, smiling and bowing, his face wreathed in smiles as the crowd went frantic with enthusiasm.

T. R. Happy

There was no question of Roosevelt's happiness. His face radiated and as he nodded to the blue uniformed G. A. R. drum corps, it came across the stage and ranged itself in a semi-circle about the speaker's stand. Roosevelt grasped each of the veterans by the hand, shook it warmly and then at his suggestion they struck up a wild marching tune. Roosevelt swung into the spirit of enthusiasm and waved his arms and cheered. He started a little jig in time to the music.

The demonstration was the most remarkable yet tendered to Roosevelt during the present campaign. Not a soul was in his seat, even the

women and the galleries standing on their chairs to contribute to the undulating sea of color made by the waving bandanas. From the rear of the stage many pressed forward to shake hands with the colonel.

Tim Woodruff from his seat in the front of the New York delegation suddenly grasped the iron state standard. Then the big blue banner of the Empire state came into view from under the stage and in an instant a wild demonstration through the aisles had been started.

Jane Addams of Hull House, upon an invitation from Chairman Beveridge pushed her way through the crowd and was assisted to the platform. Roosevelt advancing clear to the front of the stage to greet his most prominent supporter among the women of the country.

Miss Addams bowed and exhibited her confusion as the crowd let out a special whoop of approval in her honor.

After thirty minutes of cheering Beveridge tried to quiet the crowd down with a few raps of his gavel, but only succeeded in stirring up more noise.

Cheer Mrs. Roosevelt

Mrs. Roosevelt was finally discovered by the delegates sitting in a box just to the right of the stuffed bull moose head that decorated the side balcony rail. She was cheered to the echo as the colonel gallantly threw a kiss to her, while the delegates gave her the Chautauqua salute with the bandanas. Mrs. Roosevelt finally arose and bowed a graceful acknowledgement of the ovation.

At 1:43 order was restored and Beveridge introduced Roosevelt as follows:

"Gentlemen of the Convention: The hour and the man, Theodore Roosevelt."

Roosevelt advanced to the front at 1:49 with the printed copy of his speech clutched firmly in his hand. Before turning to his text, he congratulated the convention on the work already performed and declared the party was dedicated to justice and fair play, and for equality, between man and man.

His first applause came when he characterized the old parties as "hunks."

"It was with real significance," shouted Roosevelt, "that this convention should be opened with music from the fife and drums of the men who faced death in their youth. And it was significant that beside them stood the men who wore the grey. While I stood here two men came over. They said that one was a 'Johnny' and the other a 'Yank,' but we are both now Americans and both progressives, and are facing the future."

This sally, a departure from the set speech, was roundly cheered.

After referring to the result of the republican convention, Roosevelt started another demonstration by saying:

"I want to say right here in parenthesis that I think we have taught the bosses one lesson they will never forget, and that is to be careful in the future as to the man they pick to rob."

Roosevelt in discussing the recall of judicial decisions referred to the action of the New York court of appeals in declaring unconstitutional the limited hours for women law and the original employers' liability bill. "What I want," he shouted, "is when any court shall say that we cannot prohibit by law the working of any woman more than eight hours a day, six days in a week, to override that court."

Tears up Speech

By this stage of his speech though he was but a quarter through it, Col. Roosevelt had been so strenuous with the printed copy of his speech and had used it so roughly to punctuate his remarks that it was in tatters and when he lost his place it required considerable effort to relocate it.

When the colonel said that he was advocating the corrective to socialism and the antidote of anarchy he was compelled to pause by a generous burst of applause which was duplicated when he charged the standpatters with being the real cause of the "spread of anarchistic doctrines."

CHOOSE MOOSE COMMITTEEMAN

CHICAGO, Aug. 6.—Col. Chauncey E. Dewey of Chicago was chosen national committeeman for Illinois at the meeting today of the delegates of the national progressive party.

YELLOW PRESS DAY IS PAST

Wausau Editor Says Muck-raking Is No Longer Correct for Newspaper

JUMPS ON MADISON MEET

Speaker at State Press Convention Flays National Newspaper Conference

MILWAUKEE, Wis., Aug. 6.—"The day of yellow journalism and the muck raker is past; the people of today know the value of a real newspaper; the editor of a newspaper of today is not the man he was twenty years ago—a link between the village banker and the butcher—but a power in the community; it is time the publishers of smaller newspapers ceased to be objects of charity and should become progressive business men."

This was some of the logic applied by J. L. Sturdevant, editor of the Wausau Record-Herald speaking before the delegates to the annual convention of the Wisconsin Press association here today.

"It is time to get back to fundamentals. There has been altogether too much running after false gods, too much chasing after mis-shapen ideals, during the last few years. It is time for newspapermen, as well as those in other lines of endeavor, to get back to a sane and safe foundation, a base for honest, conscientious work," said the speaker.

Sturdevant reserved a portion of his address for denunciation of the recent national newspaper conference at Madison in which one of the subjects for discussion was: "Are newspapers and magazine writers free to tell the truth?"

Frank E. Noyes, editor of the Marinette Eagle-Star, condemned the practice of newspaper leniency to imposition by free space seekers. He spoke on the subject "The Press and the Press Agent."

Bart J. Ruddle, Milwaukee, a veteran press agent, defended the practice saying that a distinction should be made between the giving of space to worthy and unworthy causes.

ALLEGES SHE SAW HEAVEN.

CHUNKY, Miss, Aug. 6.—After being asleep for five days, Julia M. Satterlee, 20, daughter of Rev. J. H. Satterlee, Baptist minister, awoke today and declared she had been to heaven. Most of the leading women and men of the town were called in to hear the girl's story. She said she remembered conversing with the spirit of Henry Ward Beecher.

HUSBAND GETS WARRANTS

Warrants for Dan Raymond and Mrs. Laura Jacobis, both living on the Mormon Coulee road, were sworn out in the office of District Attorney James Thompson today. The couple are accused by F. W. Jacobis, the woman's husband, of a statutory offense. Raymond is a married man.

TO LEAVE JUAREZ

JUAREZ, Mex., Aug. 6.—About to evacuate Juarez the rebel commander announced that he will no longer be responsible for protecting the city either from federals or other rebels. He advised all who do not accompany him to seek safety in El Paso.

BOARD ADJOURNS

The La Crosse county income tax board of review adjourned this afternoon after a two day session. The board will meet next week to complete their work. The greater share of the work done by the board was caused by incorrect filling out of the income tax blanks.

WARRANT FOR FILLER

A warrant was sworn out in the office of District Attorney James Thompson today for William Filler of the town of Onalaska. Filler is accused of using abusive language to his sister-in-law, Mrs. John Filler.

HERMANN WILL PROBATED

The will of the late Thomas Hermann was probated in county court today and James Thompson was appointed executor. The estate which will approximate \$10,000, is divided among Mrs. Hermann and five children.

PASTOR RESIGNS

RACINE, Wis., Aug. 6.—Rev. William Eckert, for eight years pastor of the English Lutheran church here, has tendered his resignation to become general secretary of the Lutheran Theological seminary in Chicago.

Nearly all your enemies are apt to have a few friends.

The man who is always harping about every man having his price is usually willing to sell out cheap.

HUNT STOLEN GOODS

WEALTHY CHICAGOANS AT POLICE STATION PICK OUT THEIR VALUABLES FROM CAPTURED LOOT

CHICAGO, Aug. 6.—Many citizens of prominence and wealth today visited central police station where they were permitted to seek their own possessions among the treasures which Jacob Foy Guthrie confessed he had stolen in night-time raids upon the home of millionaires. Guthrie had admitted thefts of many valuable art treasures and jewelry which the owners were anxious to recover.

The police today learned from Guthrie that he had planned extensive burglary operations on the home of north side millionaires during the present summer. Included in the list which he had prepared for future robberies were the homes of Mrs. Potter Palmer, Laverne Noyes, George M. High, Samuel Insull, C. H. Hulbert, R. T. Crane, Jr., Col. Boyd, Charles F. Byram, and J. W. Farlin. These places had been selected after the society columns had been diligently searched daily for the names of those residents who were away for the summer.

AGAINST PERKINS PLAN

REED, AUTHOR OF STANLEY BILL, WARNS MOOSE NOT TO ATTEMPT TRUST CONTROL

NEW YORK, Aug. 6.—Representative Reed who drafted the Stanley bill today issued the following statement: "The independents in the Chicago convention should fight the Perkins plan of perpetuating monopoly. It means not socialism but on oligarchy of presidential favorites controlling the country's business. The new Stanley bill makes clear the power to completely disintegrate the trusts and restore and maintain competitive conditions. It is a non-partisan measure, the plan of which is endorsed by Senator Cummins, Congressman Norris of Nebraska and Attorney General Wickham. If the bill moose leaders are sincere they will not endorse the trust plan of trust continuance."

ESCH CAMPAIGNS IN THE NEW COUNTIES

Congressman John J. Esch left for Baraboo yesterday where he began his campaign among the new counties of his constituency for the nomination for congress on the republican ticket. He will visit several towns and villages in the southern part of the Seventh district before returning to La Crosse next Saturday. Mr. Esch plans to continue his campaign up to the primaries devoting his greatest effort to swinging the new counties into his support. He will probably return to La Crosse every Saturday to receive reports on both his standing and that of his opponent, A. H. Dahl.

Mr. Esch is being kept in close touch with the situation in all parts of the district by his friends. It is not likely that he will start making speeches until toward the close of the campaign when he will make a whirlwind finish just before the primaries.

KILLS UNION BROTHER

CHICAGO, Aug. 6.—Joseph M. Allender, business agent for the Electrical Workers' union, was shot and killed today by Herman Schmidt, a member of the same union, who lives at 7525 Jeffrey avenue. The two men quarreled over whether or not Schmidt should obey Allender's orders to discharge two men who were working under him. The two factions of the union to which the two men belong are said to be bitter toward each other.

K. C. MEET OPENS

COLORADO SPRINGS, Col., Aug. 6.—Following a public parade through the downtown streets, and a pontifical high mass celebrated in St. Mary's church, the national convention of the Knights of Columbus was formally opened here today. Bishop Lillis of Kansas City celebrated the mass, and Archbishop Glennon of St. Louis preached the sermon.

HARTWELL JUNIOR ARRIVES

Attorney Fred H. Hartwell is passing out the cigars today and receiving the congratulations of his friends on the occasion being the arrival of a nine pound boy this morning. The stork paid his visit at the La Crosse hospital, where Mrs. Hartwell and baby are reported as doing well.

Stop Baby's Skin From Chafing

"Your baby will not chafe if you powder its tender, delicate skin with this wonderful, new discovery—the powder that won't rub off—but 'lays' to the skin in a smooth, velvety film."

KUCO
VINO-CHAFE
POWDER

Not a talcum powder—contains no talc—no grit—no solids.

Because KUCO No-Chafe Powder does not rub off—it protects baby's skin from scalding chafe and all irritation by the garments.

The only powder that stays on the skin—and so not only prevents chafing, but keeps the acids of the urine from penetrating the delicate skin and torturing baby to agony. Based on a principle used in leading maternity hospitals and by advanced obstetricians.

Talcums and ordinary toilet powders rub off at the slightest touch—and are immediately obliterated by moisture.

KUCO is the only powder that stays where you put it—a protecting, but almost invisible film that keeps baby's skin dry and comfortable. Prevents all friction between the skin and the diaper.

KUCO relieves and prevents prickly heat—soothes and shields baby from head to foot. KUCO is baby's only perfect toilet powder—a truly marvelous discovery.

Sold by all good druggists, at 25c a box, with revolving sifter top.

MOOSE GREET T. R. WITH CHEERS AS HE STARTS TALK

(Continued from Page 1)

icularly emphasized in the resolutions committee. The sessions were public and everyone who called was given a hearing. The result was unique. There is not a problem that has not publicly in the last twenty years that was not brought to the attention of the committee, one man going so far as to demand that the committee go on record as favoring researches by government doctors to find a perfect corn cure.

The vice presidential situation loomed large in today's developments. The real candidates are Governor Hiram Johnson of California, backed by most of the leaders; Judge Ben Lindsay, and John M. Parker of New Orleans. In addition there are several compromise candidates who are hoping that the lightning will strike.

The real business today was the Roosevelt speech, although nearly all of the state delegations held caucuses prior to proceeding to the convention hall.

Suffrage Important

There can be no denial of the fact that the introduction of the woman's suffrage element into the situation is going to play a tremendous part. Being an entirely new element in American politics, injected into an already badly scrambled situation, every indication is that the political dopesters are going to have their figures thrown sadly out of line.

At every turn the bull moosers are being confronted with the query of "Why is George W. Perkins financing this movement?" and "What is the real reason for Frank A. Munsey's alignment with the bull moose?" or "Which plank is Perkins going to write, and which is Munsey interested in?" To all these the leaders, such as Governor Johnson, Judge Ben Lindsay, George L. Record and the Pinchot brothers reply: "You will have to get your answer from the platform and T. R.'s declaration of principles." They point to the stand Roosevelt, the platform and the party are to take on the tariff, the currency and the hours of labor and working conditions in the steel industry as evidence of the fact that Perkins and Munsey have had no axes ground and declare that before the campaign is over other big men of the business world—many of them men who were factors in the pernicious political activities in former days—will "see the light."

RACINE WANTS CARS

RACINE, Wis., Aug. 6.—The city council will appeal to the state rate commission in an effort to have Manager Stearns of Milwaukee keep his promise of furnishing the local street car lines with new cars in exchange for desired franchises on three new streets. Mr. Stearns is said to have tersely told the aldermen that they would have to put up with what was being done by the company.

WATCHING THE SCOREBOARD

It was a bad day for the leaders. The Giants and the Red Sox both sustained setbacks.

Knocking Rube Marquard out of the box in the second inning, the Pirates romped away with the game. Old Honus Wagner started Rube's troubles when he whaled out a homer.

The Cubs, coming like a whirlwind, took two games at Philadelphia.

The Senators recovered from a six score lead and beat out the White Sox. Walter Johnson figured with a single and some cannonball pitching in the windup.

The Naps, thanks to Jackson's hitting, beat the Red Sox, 3 to 1.

Hank O'Day received another body blow. Belaboring the Reds' pitchers, the Braves won easily, 10 to 5.

The world's champions, showing punk form in the field, permitted the Browns to run over them.

The old habit of the Tigers—hitting when a hit counts—beat the Yanks.

Two home runs by Konetchy and one by Oakes led the Cardinals to victory over the Superbas.

M'CARTHY GETS DRAW

NEW YORK, Aug. 6.—There was considerable difference of opinion about the outcome of last night's bout before the Garden Athletic club between Luther McCarty of Springfield, Mo., and Jim Stewart, the Brooklyn white hope. The referee called it a draw in the tenth round, but there were Stewart rooters who did not agree with the official. It was not claimed that the big fellow from the Ozarks was any way near knocked out, but it was held that the Brooklyn man outpointed him at every turn.

SUSPEND OLYMPIC ATHLETES

NEW YORK, Aug. 6.—Some of the Olympic athletes have been suspended by the New York Athletic club for the non-payment of dues. Ben Adams, Simon Gillis, Gordon B. Dukes and Fred Kaiser are among them.

Stop Baby's Skin From Chafing

Your baby will not chafe if you powder its tender, delicate skin with this wonderful, new discovery—the powder that won't rub off—but "lays" to the skin in a smooth, velvety film.

KUCO No-Chafe POWDER

Not a talcum powder—contains no talc—no grit—no acids.

Because KUCO No-Chafe Powder does not rub off—it protects baby's skin from scalding chafe and all irritation by the garments.

The only powder that stays on the skin—and so not only prevents chafing, but keeps the acids of the urine from penetrating the delicate skin and torturing baby to agony. Based on a principle used in leading maternity hospitals and by advanced obstetricians.

Talcum and ordinary toilet powders rub off at the slightest touch—and are immediately obliterated by moisture.

KUCO is the only powder that stays where you put it—a protecting, but almost invisible film that keeps baby's skin dry and comfortable. Prevents all friction between the skin and the diaper.

Sold by all good druggists, at 25c a box, with revolving sifter top.

Pirates Slam Marquard so Hard He Is Derricked in the Second Inning

NATIONAL LEAGUE.

Chicago 5-5, Philadelphia 2-3.

PHILADELPHIA, Aug. 6.—The

Cubs got a little closer to the Giants yesterday by separating the Phillies from a double-header. In the first Lavender hooked up with Earl Moore and Chicago won 5 to 2. In the second Reulbach was knocked out in the fourth, leaving a three run handicap for Charley Smith to overcome. He held the locals and in the sixth the score was tied at three. Two runs for the Cubs in the seventh ended the fracas 5 to 3.

AMERICAN LEAGUE

Washington, 8; Chicago, 7.

CHICAGO, Aug. 6.—After taking a six run lead in the third inning of yesterday's game with the Nationals, the Sox lost out in a ten inning contest, 8 to 7. Groome was knocked out in the third, and Cashion, who succeeded him, pitched good ball, but retired after the eighth in favor of Walter Johnson, who held the Sox helpless and drove in the winning run in the tenth. FAIR AT TREMPLEAU

FIFTY-FOURTH ANNUAL COUNTY FAIR TO BE HELD AT GALESVILLE, AUGUST 20, 21 AND 22

The fifty-fourth annual fair of the Trempealeau County Agricultural society will be held at Galesville August 20, 21 and 22. The show at Galesville is always good and attracts people from all the neighboring counties. The purses and premiums have been largely increased and the list of special attractions is the best announced by the society in many years.

There will be four races for \$300 each, two fast ball games, a hound drag race, foot races for men, women and boys for large purses and a list of specials in the way of sensations.

Virginia Brooks, the famed girl reformer from Illinois, will deliver an address one day of the fair.

Catalog Published
The annual catalog of the La Crosse County Agricultural school was published today. This book, which was compiled by Professor Frank Balmer, contains all the necessary information for entering students, including all the courses and the requirements for entrance. The book is beautifully illustrated.

A good deal of time is spent getting ready for the amount that is accomplished.

Dear Reader, If you are seeking a practical, progressive school with up-to-date courses of study, skilled teachers, twentieth century methods of instruction, and unexcelled opportunities for advancement, you will do well to investigate our facilities for giving instruction and securing positions. The accompanying printed matter gives information and particulars pertaining to our school and work. Hoping to hear from you and to see you with us, we are,
Yours Truly,
R. J. Keefe, Prin.

BIG LEAGUE SCOUTS

LOOK OVER BUSHER

AURORA, Ill., Aug. 6.—Two National league clubs, Brooklyn and St. Louis, had scouts here yesterday looking over Pitcher John Pieh of the Aurora club of the Wisconsin-Illinois league. He let Wausau down with two hits, but was given bad support and lost, 2 to 0. Only one hit was clean, the other was a bunt fly that fell safe in the infield. Pieh, who is 20 years old, six feet one inch tall and weighs 180 pounds, gave Wausau four hits Friday. He has pitched two one-hit games this season.

SOX SELL TANNEHILL TO KANSAS CITY

CHICAGO, Aug. 6.—Lee Tannehill, nine years a member of the White Sox, for six years considered the best third sacker in the American league, today belongs to the Kansas City American association team. He got away badly this year, a sprained ankle and a fractured wrist serving to keep him out of the game most of the time. The Chicago Cubs released Robert Clemens, southpaw, who came here from an independent team at Buffalo Center, Iowa, to the Louisville American association team.

PHILLIES SIGN COLLEGIAN.

MINNEAPOLIS, Minn., Aug. 6.—Robert Stevenson, who was considered one of the best football and baseball players last year at the University of Minnesota, but who was unable to take part in any of the games because of the eligibility rules, has been signed by the Philadelphia team of the American league.

RICHARDS TO COLUMBUS.

COLUMBUS, O., Aug. 6.—Athletic Director John R. Richards of Ohio State university will likely reach Columbus within ten days to make this city his permanent residence. He has been teaching in the University of Wisconsin summer school.

HOLDS CHAMP TO DRAW

WINNIPEG, Man., Aug. 6.—Grover Hayes of Philadelphia today was credited with a draw in his twelve round battle with Freddy Welsh, the English champion.

AFTER ENDURANCE STAKES

LOUISVILLE, Ky., Aug. 6.—Eugene Lutz's Messenger Boy, last year's winner in the four mile events, is to try for the Kentucky endurance stakes at the opening of Churchill Downs, October 7.

NOEL LOSES FIRST ESCANABA GAME

ESCANABA, Mich., Aug. 6.—Bruce Noel, pitcher for Milwaukee during early season, and formerly of the Oshkosh club of the W-I league, joined Marinette of the Upper Peninsula, Wis., league here, and pitched against Escanaba. He allowed but five hits, but his teammates lost, 3 to 2.

AFTER THE TITLE

NEW YORK, Aug. 6.—Eddie Hasha, Texas speed wonder, races Johnny Albright in a four mile test at Brighton Beach tonight. Hasha, if victor, intends to race Chappell and Thomas, motorcycle stars, for the American championship.

PILES

My method for curing Piles, Fistula and Rectal Diseases is the greatest in the world. No knife, no chloroform. No unnecessary delay from business. An absolute cure guaranteed in every case.

PAY NO MONEY UNTIL CURED.
The cure first, then the pay. That's my policy. It's fair and square. I also give written guarantee that the cure will last a lifetime. Write for Free Book which gives full particulars.

OLD CY YOUNG

TWIRLS LAST GAME

CINCINNATI, O., Aug. 6.—Cy Young, the grand old man of baseball, made his final appearance on the diamond this year when he twirled and lost his game to the Wiedeman baseball team of Newport, Ky., on Sunday afternoon. He went on the mound for the Eagle Stars, representative team of the order of Eagles, and was hammered by his opponents. Cy's statement before the game was to this effect: "If I make good today it is my intention to rejoin the Boston club in the near future, but should I fail to deliver, then I will seek retirement and rest on my farm at Paoli, O."

TRAVIS AFTER TITLE

BUFFALO, N. Y., Aug. 6.—Walter J. Travis of Garden City, N. Y., and N. B. Lee of Detroit, began play in the finals of the fifth annual amateur golf championship title for the title of western New York champion at 9 o'clock today. The contest was two rounds, 36 holes. Travis finished fifth and Lee fourth in the recent open golf championship of the United States.

WOULD STOP QUEER ANTICS OF COACHES

DETROIT, Mich., Aug. 6.—Herman Schaefer and Nick Altrock may not be allowed to pull off their famous boxing sketch much longer, if the well-defined rumor in existence can be authenticated.

It was learned that persons high in baseball circles had written to Ban Johnson protesting against the brand of coaching served up by Schaefer and Altrock, claiming that these comedians are making a burlesque out of the national game.

To the average fan, it is said, baseball is a serious proposition. The fan goes to the park to see professional players paid princely salaries for their athletic attainments. He reserves for himself the right to criticize the work of the players.

It is hinted that an appeal has been made to Ban Johnson to legislate against the antics of Schaefer and Altrock on the coaching lines.

Clark Griffith takes the stand that the comedy peddled out by Schaefer and Altrock is not a detriment to the game, that it keeps the players of both teams on their toes and is only a harmless amusement.
